PERSONAL PROJECT

Ecommerce-Dashboard

Car Showroom App

Ecommerce-Dashboard

SKILLS

Frontend Technologies: HTML, CSS, JavaScript, React, BootStrap, jQuery

Backend Development: Java, Spring Boot, Node.js, Express

Database Management : MySQL,MongoDB

Microservices Architecture: Implemented microservices showcasing expertise in scalable and modular architecture.

Security Protocols: Implemented JWT Token Web Security

Version Control and Collaboration: Git

Agile Methodologies: Applied Agile SDLC

Containerization: Docker

Architectural Design, team management, and collaboration with backend teams

CODING PROFILE

 Leet Code

 Geeks For Geeks

 Coding Ninjas

EDUCATION

BACHELOR OF TECHNOLOGY
2018 - 2022
Graphic Era University

SECONDARY SCHOOL
2017 - 2018
St Mary Academy

RANA YUVRAJ SINGH

FULL STACK DEVELOPER ‖ FRONTEND DEVELOPER

Experienced Web Developer is proficient in Java and React, with 2 years of expertise in database administration and website design. Strong creative and analytical skills, meticulous attention to detail, and a collaborative team player.

EXPERIENCE

FULL STACK DEVELOPER | CITYSCOPE
Jaipur
April 2023 - Current

- Maintained high-level expertise in React state management strategies.
- Designed REST calls using React to streamline user interface performance.
- Led Full-Stack Development: Spearheaded startup website development, boosting user engagement by 75% with React and Redux Toolkit.
- Enhanced Code Quality: Implemented TypeScript, reducing errors by 50% and ensuring top-tier performance.
- Optimized Backend: Engineered Node.js backend, resulting in a 60% faster server response time and 40% quicker website loading.
- Cross-Functional Teamwork: Collaborated with a 5-member team, aligning website functionality with strategic goals.
- Achieved High Performance: Website scored 90/100 on Google PageSpeed, ensuring rapid, responsive user experience.

JAVA FULL STACK DEVELOPER | STL
Pune
October 2022 - March 2023

- Database Mastery: Implemented robust MySQL database solutions, ensuring efficient storage and retrieval of data critical for seamless user experiences.
- Microservices Architecture: Utilized diverse microservices, reducing workload by an impressive 70%. Achieved a loosely coupled service structure for enhanced scalability and flexibility.
- Backend Excellence: Applied Java with Spring Boot to develop a responsive backend and RestFul APIs, optimizing work processes by nearly 50%. Proficient in crafting efficient and reliable server- side solutions.
- Security Innovation: Implemented JWT Token Web Security for both User and Admin logins, ensuring top-notch data protection and user authentication.
- Frontend Brilliance: Leveraged Angular alongside HTML, CSS, and JavaScript to create visually appealing and highly interactive user interfaces, enhancing user engagement.
- Tools Proficiency: Skilled in utilizing Hibernate, Git, DevOps, Docker, and Kubernetes, ensuring seamless integration and deployment processes.

ACHIEVEMENT HIGHLIGHTS :-

- Spearheaded the development of an E-commerce Web App, optimizing workload by 70% through strategic use of microservices and backend enhancements.
- Enhanced user experience by 50% through the implementation of Java with Spring Boot and RestFul APIs, ensuring swift and reliable application performance.
- Pioneered secure user authentication via JWT Token Web Security, safeguarding sensitive data for both users and administrators.

PROFESSIONAL SKILLS :-

- **Innovation:** Constantly seeking innovative solutions to complex problems, ensuring the delivery of cutting-edge and competitive products.
- **Collaboration:** Skilled in collaborating with cross-functional teams, ensuring seamless integration of diverse technologies for superior results.
- **Problem-Solving:** Proven ability to troubleshoot and resolve complex technical issues, ensuring optimal application functionality.

SYSTEM ENGINEER INTERN | INFOSYS
Remote
February 2022 - August 2022

- Multi-Functional App: Developed a Template Generator for Collage, Advertisement, and Calendar templates, streamlining diverse creative needs into one application.
- Efficiency Enhancement: Integrated three features in a single app, saving users 75% effort, and time, boosting productivity significantly.
- Secure & User-Friendly: Implemented robust security for template visibility based on user roles, ensuring data confidentiality, and user satisfaction.
